

Recognition to Medical Colleges in the State.

*Q.—452. Smt. NAGARATHNAMMA HIREMATH (Gandhinagar).—

Will the Government be pleased to state :—

(a) the names of Medical Colleges in the State to which the Indian Medical Council has accorded temporary or permanent recognition;

(b) the names of Medical Colleges in the State to which the British Medical Council has accorded temporary or permanent recognition.

(c) the action taken to obtain permanent recognition for the State Medical Colleges from both the Councils;

(d) whether they are aware of the hardships experienced by the students of the State Colleges in securing jobs in England due to non-recognition of the State Medical Colleges by the British Council?

A.—Sri K. NAGAPPA ALVA (Minister for Health).—

(a) The Medical Council of India recognises the Medical degrees awarded by the Universities and not the Medical Colleges. The Medical degrees granted by the University of Mysore and the Karnatak University, Dharwar, i.e., the M. B. B. S. Course imparted in the Government Medical Colleges at Mysore, Bangalore and Karnatak Medical College, Hubli and Kasturba Medical College, Manipal are recognised by the Medical Council of India.

(b) Temporarily all the above mentioned Colleges.

(c) I. The M.B.B.S. degrees of the University of Mysore and Karnatak University are recognised by the Medical Council of India as per Indian Medical Council Act, 1956.

II. The question of recognition of M. B. B. S. degrees granted by the University of Mysore and Karnatak University by the General Medical Council of U. K. is taken up by the Medical Council of India which is the authority to move the General Medical Council of U. K.

(d) No. The General Medical Council gives temporary registration to Medical students who go to U. K. in order to enable them to hold appointments as Medical Practitioners in approved Hospitals in the U. K.

Sri S. SIVAPPA.—May I know why the Medical Council of the United Kingdom has not given permanent recognition to the Medical College students who have passed out of Mysore and Karnataka Universities?

Sri K. NAGAPPA ALVA.—For the permanent recognition, it is necessary that reports from the Indian Medical Council should be submitted to them and they have to convince themselves about that. That has been delayed. That is why the representatives of United Kingdom came here just two months back in January and February and they have submitted the report.

Sri S. M. KRISHNA. —Has it come to the notice of the Government that any degree that is awarded by the Madras Medical College is recognised by the All-India Medical Council as well as the Medical Council of U. K.?

Sri K. NAGAPPA ALVA.—Madras Medical College has been recognised. Even there in Madras State, there are colleges which have not been recognised.

ಶ್ರೀ ಕೆ. ನಾಗ್ ಪ್ಪ. ಅಳ್ಳ್ಯ.— ಸತ್ಯರ ಇಷ್ಟರವರೆಗೂ ಬಂದಿಲ್ಲ.

Sri C. J. MUCKANNAPPA.—May I know what is the difficulty the State Government are facing to get permanent recognition to the colleges that are mentioned in the reply?

Sri K. NAGAPPA ALVA.—There is no difficulty at all. We have been developing these institutions according to the conditions that have been laid down and the representatives have visited and they have sent a report. I hope there would not be any difficulty in recognising them.

ଶ୍ରୀ ପିଦ୍ମର୍ଯ୍ୟ କାଶୀମୁହାରୀ ।—କେ କାରେଇୟାଗି ମାନ୍ୟତେ କୌଦୁଵାଗ ଯାବ ଯାବ ଏହି ମୁଗନ୍ତି ଅପରା ଗମ୍ଭେନକେ ତେଗିଲେଇଲୁ, ତାର ?

ಶ್ರೀ ಕೆ. ನಾಗಪ್ಪ ಅಚ್ಚ.—ಇದರಲ್ಲಿ ಮುಖ್ಯವಾಗಿ ಗಮನಿಸಲು ವಿಚಾರ ಏಕ್ಷಿಂಟ್ ಮತ್ತು ಸಂಪೂರ್ಣ.

Sri C. J. MUCKANNAPPA.—May I know the conditions that the Medical Council have imposed on the State Government to recognise medical colleges in the State?

Sri K. NAGAPPA ALVA.—I do not have the details. As I said, the main condition that has been laid down is the standard of education that is imparted for which building programme as well as equipment and staff pattern should be all-right.

Sri S. M. KRISHNA.—Even after sincere efforts for the past 10 years by the State Government to get the needed recognition from All-India Medical Council as well as British Medical Council, they have yet to get the recognition; would not the Government take this as a serious reflection?

Sri K. NAGAPPA ALVA.—There is no reflection at all. I have been explaining very very clearly that these institutions have been developed satisfying all these conditions and the Indian Medical Council have recognised. The question is recognition by the United Kingdom Medical Council.

Sri S. SIVAPPA.—The Government were pleased to say that certain medical colleges were recognised by the Medical Council of India. May I know what is the fate of other Medical Colleges in the State?

Sri K. NAGAPPA ALVA.—The question of recognition of those colleges comes only when they become full-fledged colleges, that is, when the first batch of students come out of those colleges after they appear for final year examinations.
